1999 Maryland Track & Field

MARYLAND

A Tribute to Renaldo 'Skeets' Nehemiah

Maryland's Greatest Track & Field Performer

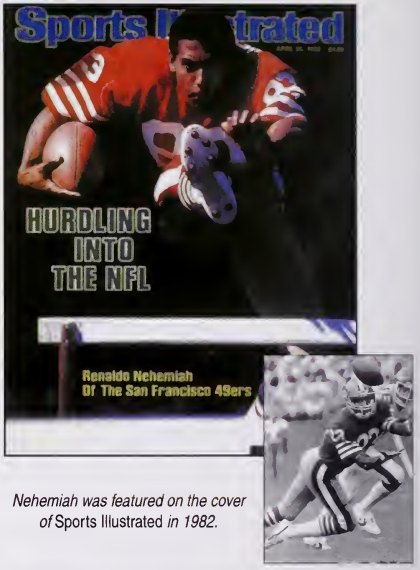
During the period from 1978 until he turned to pro football in 1981, Renaldo Nehemiah was the greatest high hurdler on the planet. He was the world record holder, the first man to run the high hurdles in under 13 seconds, and probably would have been the 1980 Olympic champion had the United States not boycotted those Games.

He was the top-ranked high hurdler four straight years. An international star even in high school, Nehemiah was the national junior champion in 1977, then came to the University of Maryland where he won three NCAA titles, two indoors and one outdoors.

He also won four TAC titles, three outdoors, and in 1979 won the Pan American Games title and the World Cup. He set a world record of 12.93 in 1981.

He went on to play for the NFL's San Francisco 49ers in 1982, but returned to track in 1986, achieving world rankings four more times from 1988 to 1991 before retiring.

Nehemiah was inducted into the United States Track and Field Hall of Fame in December 1997.



Nehemiah was featured on the cover of Sports Illustrated *in 1982.*

Nehemiah in action at Maryland.

Nehemiah's Maryland Accomplishments

- Record Holder 100 meters FAT, (10.18), 1978
- Record Holder 200 meters FAT, (20.36), 1979
- Record Holder 110 High Hurdles FAT (12.91), 1979
- 1978 All-American, 110 Hurdles (13.27)
- 1978 All-American, 440 Relay (39.8)
- 1978 All-American, 55 Hurdles (7.16)
- 1979 All-American, 55 Hurdles (6.90)
- 1979 All-American, 110 Hurdles (12.91w)
- 1978 NCAA Champion, 55 Hurdles (7.16)
- 1979 NCAA Champion, 55 Hurdles (6.90)
- 1979 NCAA Champion, 110 Hurdles (12.91w)
- 1978 ACC Indoor 55 Hurdles Champion (7.1)
- 1978 ACC Outdoor 100 meters Champion (10.45)
- 1979 ACC Indoor 60-yard Dash Champion (6.2)
- 1979 ACC Indoor 55 Hurdles Champion (6.9)
- 1979 ACC Outdoor 100 meters Champion (10.2)
- 1979 ACC Outdoor 200 meters Champion (20.37)
- 1979 ACC Outdoor Meet Oustanding Performer

Sat.-Sun.	May 22-23	ECAC/IC4A Championships	Fairfax, Va.	M&W
Thu.-Sun.	June 2-5	NCAA Championships	Boise, Idaho	M&W

All meets take place all day and are subject to change.
*Home outdoor meets in **BOLD CAPS** take place at the Kehoe Track & Field Facility.*

Maryland 19th in Sears Directors' Cup

In final standings released by the National Association of Collegiate Directors of Athletics (NACDA), the Terrapins' program was ranked tied for 19th out of 306 Division I schools last year. It is the highest finish for the Terps since the rankings began five years ago, and Maryland's 38-position jump from the No. 57 spot in 1994-95 is the greatest in that time by a school not previously ranked in the Top 25.

University Mission Statement

The University of Maryland is the flagship of the state's higher education system and a prestigious public research university, known for academic excellence in undergraduate and graduate education. The faculty is at the leading edge of scientific, technological, intellectual, and artistic discovery, while remaining focused on teaching. Providing the broadest range of highly challenging programs for the most talented students, the University of Maryland's state-of-the-art facilities and diverse campus community offer an ideal educational atmosphere and a location connecting faculty and students to unlimited resources for scholarly exploration and practical experience. The university also serves the state and region through application of research and expertise to address societal issues and promote economic growth.

Credentials: Media and photographer credentials for events at Maryland's Kehoe Track & Field Facility may be obtained by working press, radio and television by writing or calling Dan Rosso in the Maryland Athletic Media Relations Office, 1112 Cole Field House, College Park, MD 20741-0295. All requests should be submitted at least 48 hours prior to the event by phoning the Media Relations Office at (301) 314-1483. Since space is limited, accommodations are on a priority basis: daily newspapers and wire services, originating radio and television stations, national weekly or monthly publications, electronic media outlets, local and regional television crews. Priority is granted to members of the media who cover Maryland athletics on a regular basis, and to visiting media members. Photo passes will be issued only to accredited photographers on assignment.

Services: The Media Relations Office will provide complete statistics at the conclusion of every home event. Programs containing rosters and event notes on each team will be provided for the working media.

Fax Machine: The Media Relations Office has one facsimile machine, located in Room 1112 of Cole Field House, which is available upon request. The fax number is (301) 314-9094.

Faxback: The Atlantic Coast Conference uses its own fax-on-demand system. For faxback information on the University of Maryland or any ACC school, please call the Maryland Athletic Media Relations Office.

Terrapin Fan Phone: For up-to-date reports, comments from coaches, and other Maryland athletic department information, phone the Terrapin Fan Phone at (301) 314-TERP.

Terps on the Web: For up-to-date game stories, statistics, schedules and results, and other Maryland athletic department information, please locate www. umterps.com on the World Wide Web.

The Terrapin Club

What is the Terrapin Club?

As the scholarship fund-raising arm of the athletic department, the Terrapin Club is composed of approximately 4,500 members who contribute money annually to help pay the scholarship costs of our student-athletes. For many student-athletes, scholarships are the only means available to continue their education; for others, scholarships provide the opportunity to compete at the highest level of athletic competition in America's premier conference, the Atlantic Coast Conference.

With nearly 600 student-athletes, 400 of whom benefit from scholarship support, the scholarship bill for the coming year is approximately $4.5 million. For the fiscal year that ended June 30, 1998, the Terrapin Club contributed approximately $2.8 million toward scholarships.

How Much Should I Contribute?

As a Terrapin Club member, you can contribute the minimum of $125 or any higher amount. Your benefits of membership, however, do vary depending on your level and amount of contribution. The Terrapin Club is composed of seven levels of membership, ranging from the Top Terp level, where members contribute at least $10,000 per year, to the Silver level, where members contribute $125 per year.

What Benefits Do I Receive for Being a Member?

Members of the Terrapin Club directly assist the university in providing athletic scholarships. In addition, benefits of membership include priority seating for football and basketball, preferred parking, a monthly newsletter, and invitations to receptions and Terrapin Club events. Furthermore, you must be a member of the Terrapin Club to purchase men's basketball season tickets.

What Methods of Contributing are Available?

Direct gifts are the most common way of contributing. They are made in the form of cash, stock, checks or credit card (Visa or Mastercard). As a donor, you have the option of contributing once annually or periodically throughout the year.

Still Have Questions?

Call the Terrapin Club at (301) 314-7020 or (800) 653-7667.

The M Club - Athletes Helping Athletes

M CLUB

The M Club, founded in 1923, is one of the oldest letterwinner clubs in the country. The M Club provides many benefits to directly help current and former student-athletes through scholarship support, computers for the academic support computer lab, athletic awards, and recognition of former athletes through the Hall of Fame.

Indirectly, support is provided through the printing of the MAPS Directory and sponsorship of the President's Cup awards for academic achievement and community service. Your membership participation will enable you to receive the monthly athletic department publication (TerpTalk) for information about the current teams and news about former teammates as well as access to custom M Club clothing and license plates. Many benefits are intangible, though, including the satisfaction of having lettered at a great university and being part of a unique and exclusive organization. University of Maryland letterwinners interested in the M Club should call David Diehl at (301) 314-5372.

University of MARYLAND

Excellence In Education

There is no better place to be than the University of Maryland. As *Washingtonian* magazine noted in its December, 1997 issue, "...kids are turning down schools like Princeton and Virginia to go to College Park." With its top-ranked academic programs, nationally recognized faculty, diverse population and lush 1,580-acre campus located between Washington, D.C. and Baltimore, Md., it's no wonder the University of Maryland is a sought-after destination for some of the state's — and the country's — best and brightest students.

Attracting them are more than 100 majors and some of the highest-ranked programs in the country. For instance, in the 1998 *U.S. News and World Report* rankings of graduate schools, the Clark School of Engineering was ranked 13th in the nation, the School of Public Affairs was ranked 27th, and also was named one of the country's 25 best business schools for entrepreneurs by *Success* magazine. And, the university's School of Music was ranked 30th in the country in the first *U.S. News and World Report* reputational survey of arts programs since 1994.

The reputation of the School of Music promises to grow when the Maryland Center for the Performing Arts opens in 2000. With a 1,200-seat concert hall, a 300-seat recital hall, a 650-seat proscenium theater, a 200-seat dance studio and a 200-seat experimental theater with state-of-the-art lighting, acoustics and theatrical design elements, it will be an ideal home for university-based performing arts programs.

For exceptional students seeking an exceptional education at the University of Maryland, College Park, there are a number of programs designed to enrich the learning experience. Among them are the Honors Program, ranked among the nine best in the country by *Ivy League Programs at State School Prices*; College Park Scholars, which encourages students who share common intellectual interests to live and study together in 10 specialty areas; and the Gemstone Program, which links student teams from engineering, the humanities, business and the physical sciences in a four-year research project.

Supporting the research needs of students and faculty are some of the country's best research facilities. In 1994, the largest, most technically advanced research archives in the world — National Archives II — moved to College Park. In addition, just outside of College Park are the Library of Congress, the Smithsonian Institution and the National Libraries of Agriculture and Medicine, among others. The university itself has the most comprehensive library system in the area.

The University of Maryland, College Park, as the flagship campus of the state higher education system, is a vital part of Maryland's current prosperity and its vision for the future. For students here, the state offers a bounteous extension of the campus' own wealth of opportunity.

High tech, engineering and service industries thrive in proximity to the campus, offering a wide spectrum of internship and work-study opportunities that only a major metropolitan area can provide. The Kennedy Center alone houses the National Symphony Orchestra, five performance stages, an opera company, and the American Film Institute. In Baltimore, one of the great ports of the world, the Inner Harbor has become a cultural magnet for thousands of tourists each year, offering the National Aquarium, the Maryland Science Center, and other attractions.

Whether your focus is the sciences or the humanities, a small town atmosphere or a metropolitan feel, the University of Maryland, College Park offers a wide range of educational and cultural opportunities. There is no better place to be than the University of Maryland, College Park.

President C.D. Mote Jr.

C.D. (Dan) Mote Jr. started his tenure as president of the University of Maryland, College Park, with the same three-word slogan that has guided his entire academic career: "Quality, Quality, Quality."

From his first day in office, Sept. 1, 1998, Mote has shaped his agenda around the achievement of high quality in every aspect of university activity, from students to sports, and from research to community involvement. Fortunately, Maryland was already well on its way.

"Maryland is a university on the move," Mote said. "That's why I am so excited by this position after spending almost my entire academic career at Berkeley. We have a goal to achieve a place among the 10 highest quality universities in America, and I know in my bones that is an achievable goal."

Achieving quality has been Dan Mote's life, from his student days at the University of California at Berkeley, where he earned all of his degrees, through his years as an outstanding teacher and world-renowned researcher and his leadership of a highly successful capital campaign at Berkeley. He arrived in College Park determined to continue the same level of achievement in his new post.

After earning his doctorate in Engineering Mechanics from Berkeley in 1963, Mote spent a year as a research fellow at the University of Birmingham in England, then three years as assistant professor of mechanical engineering at the Carnegie Institute of Technology in Pittsburgh before returning to Berkeley in 1967.

There he stayed for more than 30 years before coming to Maryland. He earned tenure in 1969 in the Mechanical Engineering Department, and was promoted to Professor in 1973.

Mote served two terms as vice chair of Mechanical Engineering and served as chair from 1987 to 1991. At that time, he was appointed to the FANUC Chair in Mechanical Systems in addition to being named vice chancellor for University Relations, the post he held until accepting the presidency at Maryland in 1998.

Mote has participated with distinction in every phase of the academic enterprise, including classroom teaching, working with students, basic research, applied research and service to the university and the community.

Much respected by his students, Mote earned the 1971 Distinguished Teaching Award and the 1975 Pi Tau Sigma Excellence in Teaching Award for the University of California. He has supervised more than 50 doctoral students, including several who are still in progress, and more than 60 master's theses. He continued teaching and supervising graduate students even during his administrative assignments, and several of his graduate students from Berkeley commute to Maryland to meet with him as they finish their projects. Mote has stated his intention to teach and work with graduate students at Maryland as well.

Mote's research activities have focused on dynamic systems, instrumentation, vibration and biomechanics. He has achieved international recognition for his work on gyroscopic systems, including high-speed translating and rotating systems such as circular and band saws, computer memory disks and tapes. He also has researched the biomechanics of ski injuries and developed safer ski bindings as a result. His research has resulted in more than 300 scholarly publications as well as patents in the United States, Norway, Finland and Sweden.

A registered professional engineer in California, Mote has served in numerous capacities for professional societies, including the National Academy of Engineering (NAE), the American Society of Mechanical Engineers (ASME) and the American Society for Testing and Materials (ASTM), and is co-editor of its biannual research series, "Skiing Trauma and Safety."

Mote's work has been supported continuously since 1962 by the National Science Foundation, and he also has received research fellowships from the Royal Norwegian Council for Scientific and Industrial Research. The American Society of Mechanical Engineers International elected him to honorary membership in 1975, and he has been elected as well to fellow grade in the International Academy of Wood Science, the Acoustical Society of America and the American Association for the Advancement of Science.

He was elected to the prestigious National Academy of Engineering in 1988, and in that same year was awarded the Humboldt Prize by the Federal Republic of Germany. In 1991, the Japan Society for the Promotion of Science awarded him a fellowship.

In 1992, he conceived, designed and implemented a $1.1 billion comprehensive capital campaign, which had achieved more than $800 million at the time he left Berkeley.

Shortly after he arrived at Maryland, this university's ongoing capital campaign passed the half-way point more than four months ahead of schedule, but Mote has said repeatedly that development and capital campaigns are not about raising money.

"It's about building relationships, with alumni, with business and government, with students and parents. We build those relationships by connecting the alumni and friends of the university with the quality people and quality programs on campus. If we succeed in building authentic relationships, fund-raising happens as naturally as water flowing downhill."

Mote and his wife Patsy live in the President's Residence on the College Park campus. They have two grown children.

Did You Know?

★ **Maryland has top 20 ranked programs in engineering, computer science, physics, journalism, business, art history, economics, criminology, mathematics, oceanography, astronomy, education, agricultural economics and others.**

★ **The University Honors Program was selected as one of the nation's nine best in ARCO's Guide to Ivy League Programs at State School Prices.**

★ **College Park has the state's largest concentration of academically talented students. More than one-third of new students are in invitation-only Honors, College Park Scholars or Gemstone programs.**

★ **The university collaborates with more than 280 businesses through its Maryland Industrial Partnerships program. The university's incubator has spawned 20 new companies; three have been recognized as among the fastest growing in the state.**

★ **Maryland is the only university in the southeast quadrant of the United States to have both engineering and business programs ranked in the top 25 by U.S. News and World Report. The College of Education also ranks in the top 25.**

Maryland TERRAPINS

AMONG THE NATION'S BEST

This is Maryland Athletics

At the University of Maryland, winning is not taken lightly. Like the rich history of all its sports programs, championships are a tradition. Since the 1950s, Maryland has established itself as one of the most successful athletic programs in the nation. This type of success is no accident; it has been built year-by-year on the achievements of outstanding young men and women who were given the opportunity to excel both on and off the field of play. The victories, the championships and the national acclaim are all ingredients of the Maryland athletic program. Student-athletes who attend Maryland are part of a program and a university which thrive on tradition and excellence.

Athletic Success

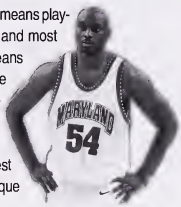
National championships, conference championships, national rankings and postseason play are all a part of the University of Maryland experience. The University of Maryland has established itself as one of the nation's elite athletic programs. The Terrapins have won 13 national championships, including a record four consecutive by the women's lacrosse team. The Terrapins had plenty of reason to celebrate when it came to intercollegiate athletics in 1997-98, as they posted their highest finish ever (No. 19) in the national Sears Directors' Cup all-sports ranking. Its 38-position jump from the No. 57 spot in 1994-95 is the greatest in that time by a school not previously ranked in the top 25.

Academic Excellence

The University of Maryland considers intercollegiate athletics an integral part of the collegiate experience. Its existence provides an opportunity for students, faculty, alumni and students to share in the life of intercollegiate athletics.

The Department of Intercollegiate Athletics strives to achieve the same standards of excellence in its athletic program as exist within the university's teaching, research and public service programs. The department embraces the concept that the student-athlete is first and foremost a student, possessing academic abilities, personal interests and ambitions comparable to those of the other members of the student body. Since 1983, 88 percent of freshmen scholarship athletes who completed their eligibility at the University of Maryland earned their degrees.

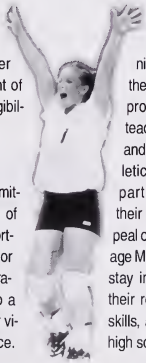
Competition



Wearing the Maryland uniform means playing in front of some of the loudest and most supportive fans in the nation. It means playing against the best teams in the country, in the most prestigious conference in the country, the ACC. It means wearing the school colors with pride. It means doing your best in athletics and academics. It is a unique and special feeling being a Terrapin.

Goals

The great thing about being a Terrapin is the commitment to hard work and dedication. At the University of Maryland, the athletic department is dedicated to supporting a well-balanced Division I program. Athletic director Deborah A. Yow and her dedicated coaches, administrators and staff have re-engineered the department into a responsive and financially sound model — with a clear vision and a determined drive toward national prominence.



Athletes in the Community

From the media spotlight to the community spotlight, Terrapin student-athletes strengthen the ties of the local community by serving as role models. Community service is a key part of the Terrapins' agenda. Student-athletes support many community programs which help to enrich the lives of Maryland youth while teaching the importance of studying hard and saying "no" to drugs and alcohol. Representatives from the University of Maryland athletic department speak to participants and use their image and the appeal of sports to encourage Maryland children to stay in school, improve their reading and writing skills, and to receive their high school diplomas.

Athletic Director Deborah A. Yow

The University of Maryland athletic department has made remarkable progress under the leadership of Deborah A. Yow over the past four years. Budgets are now balanced and the inherited operating debt of almost $7 million has been paid in full. There is a spirit of excitement and pride at Maryland and the department has a clear vision for its future.

In her inspiring first meeting with the staff, shortly after she was named A.D. in the summer of 1994, she challenged the Terrapin athletic department to "raise our sights and sharpen our tools...to work hard and work smart...to recognize that our only limitations are those which we place upon ourselves."

Yow has rallied the department toward the achievement of five strategic goals:

Yow Elected 2nd VP of NACDA

Deborah A. Yow was elected second vice president of the National Association of Collegiate Directors of Athletics this past June and is scheduled to assume the organization's presidency in July 2000. Her term as second vice-president began July 1. Now in its 33rd year, NACDA serves as the professional and educational association for more than 5,100 college athletic directors, associates, assistants and conference commissioners at more than 1,600 institutions throughout the United States, Canada and Mexico. Yow is the second woman to serve as an officer of NACDA (Barbara Hedges, athletic director at the University of Washington, held office from 1994-97).

1) Generate significantly higher revenues with increased corporate sponsorships, aggressive marketing and more effective fundraising;

2) Boost the graduation rate of Terrapin athletes to a level equal to the general student body;

3) Raise the level of competitive achievement nationally and in the Atlantic Coast Conference, while carefully complying with ACC and NCAA rules;

4) Develop a streamlined, highly efficient athletics organization;

5) Provide outstanding customer service.

In achieving most of these goals over her first four years as athletic director, Yow and her dedicated coaches, administrators and staff have re-engineered the department from a debt-ridden, under-achieving organization to a responsive and financially sound model - with a clear vision and a determined drive toward national prominence. Maryland now ranks in the top 10 percent of all NCAA Division I programs competitively across all sports, is competing effectively in the ACC, and set an enviable record of 150 All-ACC academic honor roll student-athletes. Corporate sponsorship revenues are up 265 percent and annual fund-raising for scholarships has increased 60 percent. Maryland is a remarkably improved athletic program.

In 1997, Yow formed the employee "Committee on Quality in the Workplace" to recommend initiatives to improve working conditions and to design programs to recognize the value of athletic department employees. This has proved to be a wonderful tool in recognizing the worth of the university's outstanding employees across the department. There is a compelling sense that the Terrapin athletic department is a *family*, with a common goal and a shared purpose.

Maryland's athletic director recently observed, "We have the finest coaches, support staff, and administrative team in America. It is because of their courage, hard work, and cooperation that we now have a strong, viable athletic program. I am immensely proud of each of them. I am equally proud of our Terrapin fans who buy tickets and our Terrapin Club members who faithfully support the Maryland athletic program with their donations for scholarships, and the Maryland Educational Foundation and M Club members who serve and give liberally. We have a great Terrapin family. That's the foundation for all our successes...and the basis for our bright future."

Regarding the many achievements of the Terrapin athletic program, Yow says, "We are pleased, but we are not satisfied...our vision is to be one of the top 10 programs in the nation consistently...we see no reason to settle for less." Yow, who is a member of the NCAA Management Council and other prestigious national groups, is known for her goal-oriented and proactive management style. She consistently inspires and expects maximum effort from herself and those around her. Her words set the tone for everyone in athletics: "Winning isn't everything, but the *will* to win is." She points out that this applies in the classroom, on the field of competition, and in life.

A former basketball coach, Yow was the first male or female at the Division I level to lead three schools (Kentucky, Oral Roberts, Florida) to their first-ever appearances in the national Top 25. Her previous significant administrative experience came at the University of Florida and the University of North Carolina-Greensboro and as a pioneer female athletic director at Saint Louis University (1990-94).

The Maryland athletic department staff is working as a focused, talented and determined team under the dynamic leadership of Dr. Deborah A. Yow and is realizing steady and remarkable progress across all areas, *with the best yet to come.*

With a clear vision and with high aspirations for Maryland athletics, the Terps prepare to enter the new century on a dramatic upward thrust. The athletics staff embraces this prospect, with gratitude for its successes and with renewed determination to further enhance the program's national stature. It has the skill and determined leadership to reach its lofty goals, as a part of this great university. And it will.

Charting the Terps' Progress in the Sears Directors' Cup Under Deborah A. Yow

1994-95: 57th
1995-96: 36th
1996-97: 32nd
1997-98: 19th

The Sears Directors' Cup is the first national all-sports ranking measuring athletic competitiveness.

Athletic Administration

Danita D. Nias

Senior Associate Athletic Director

Danita D. Nias, whose involvement in University of Maryland athletics goes back to her days as a cheerleader in the late 1970s and early 1980s, is in her fourth year as an athletic administrator and her third as the department's senior associate director of athletics. Nias assists the athletic director in the overall administration of the department, including performance management, staff development, and outcome assessment. She oversees the supervision of 13 varsity sports, supervises the personnel, marketing and media relations units, and directs a department-wide Continuous Quality Improvement program. She also assists in the solicitation of gifts for the capital campaign, coordinating her efforts through the athletic advancement office.

She earned her bachelor's degree from the University of Maryland's College of Business and Management with a concentration in personnel and labor relations and her master's from Syracuse in 1998.

She and her husband Michael reside in Silver Spring.

Rob Mullens

Associate Athletic Director, Administration

Rob Mullens, who joined the Terps' staff as assistant athletic director for business in the summer of 1996, was elevated to associate athletic director for administration in December 1998. In his expanded role, he supervises 12 intercollegiate sports (baseball, wrestling, men's and women's soccer, men's and women's golf, men's and women's cross country, and men's and women's indoor and outdoor track) in addition to overseeing business, ticket, and facility operations, the strength and conditioning program, and the training room. He is the department's chief financial officer.

Mullens graduated cum laude in 1991 from West Virginia with a degree in business administration. He earned a master's degree in sport management at WVU in 1993. Prior to his appointment at Maryland, he was senior business manager and the chief budget officer for the University of Miami (Fla.) athletic department (1994-96).

He is married to Jane Mullens, who is the Terrapins' assistant athletic director for compliance.

Academic Support & Career Development

The University of Maryland considers intercollegiate athletics an integral part of the collegiate experience. Its existence provides an opportunity for students, faculty, alumni and students to share in the life of intercollegiate athletics.

The Department of Intercollegiate Athletics strives to achieve the same standards of excellence in its athletics program as exist within the university's teaching, research and public service programs. The department embraces the concept that the student-athlete is first and foremost a student, possessing academic abilities, personal interests and ambitions comparable to those of the other members of the student body.

The mission of the Academic Support and Career Development Unit, headed by assistant athletic director Demetrius Marlowe, is to provide quality developmental programs and need-based services that will enhance the academic progress, facilitate the career development, and encourage the psychosocial growth of every student-athlete.

The department embraces the concept that the student-athlete is first and foremost a student.

MAPS Directory

This directory, produced annually by the Department of Intercollegiate Athletics, is intended to assist graduating Terrapin student-athletes as they begin their professional careers. Distributed to more than 1,000 corporations and businesses around the region, prospective employers are introduced to our graduating student-athletes with resume information relative to academic, career and personal achievements.

Terp Choices

Terp Choices is a program designed to guide student-athletes by orienting, supporting and increasing awareness of the relevant issues pertaining to student-athletes in today's world. The focus of the program is making personal choices and how they may affect an entire team, not just a single individual. Education and interactive workshops are presented to the athletic team and are led by student educators.

Career Information Fairs

Career Awareness in Academic Support is expanding to include a variety of programs which will be offered for student-athletes throughout the semester. Career awareness will be an ongoing process and will include assistance with resume writing and interview skills. The end of the semester will bring a career awareness fair which will host a number of professionals with whom student-athletes can learn about career interests and planning. Unlike typical "job fairs," the purpose of this program is to allow student-athletes to explore multiple career opportunities by speaking directly to individuals in their chosen area of interest.

Team Maryland

Team Maryland is a class taught in conjunction with the campus' Center for Political Leadership in which student-athletes are exposed to leadership and public speaking skills and techniques. The program consists of a group of volunteer student-athletes who learn about the challenges for children in the community by speaking to different elementary schools about drug abuse and the importance of education.

In conjunction with the campus' Center for Political Leadership, participants are taught leadership skills and public speaking techniques to use in their school-based presentation. In addition to school visits, Team Maryland has hosted visits from local schools to our campus.

Undergraduate Programs of Study

A. JAMES CLARK SCHOOL OF ENGINEERING
Aerospace Engineering, Biological Resources Engineering, Chemical Engineering, Civil Engineering, Electrical Engineering, Engineering, Environmental Science and Policy, Fire Protection Engineering, Materials and Nuclear Engineering, Mechanical Engineering

Members of the Honor Roll maintained a 3.0 GPA

Strength & Conditioning

Collegiate track and field has evolved to the point where total physical preparation is necessary to successfully compete on the Division I level. It has become extremely important to strength and conditioning coach Corliss White that all of the Terrapin athletes are prepared through training to maximize their athletic development in terms of strength and conditioning. The high level of dedication by the members of the track and field team has brought about spectacular achievements in the weight room and in competition.

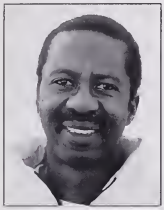
The objective of the strength and conditioning program for track and field is based on the enhancement of performance as well as the prevention of injuries. White makes every attempt to accommodate the different training needs of each individual athlete.

Corliss White

The preparation of a student-athlete to compete in track and field goes beyond strength and power training in the weight room. Speed improvement, flexibility, plyometrics, nutrition, agility and conditioning are also important ingredients in the preparation of the track and field team here at Maryland. The strength and conditioning staff puts a great emphasis on improving the quickness of the Terps through increased mechanical efficiency and the improvement of acceleration of maximum velocity.

Track & Field Coach Bill Goodman

11th season • Maryland '75



A dedicated and experienced leader, Bill Goodman has spent the past 25 years involved with Maryland track and field.

He took over as the head coach of the Maryland teams in 1988. During his tenure as the head coach and as an assistant (1976-83), Goodman has coached 13 All-Americans, 28 ACC champions and 27 All-ACC performers.

As a student-athlete at Maryland, Goodman excelled both on and off the track. As a four-year letterwinner, he was no stranger to success in athletics. In 1975 he was the Intercollegiate Association of Amateur Athletes of America (IC4A) triple jump champion. He also qualified for the NCAA Championships in 1973, '74, and '75. Goodman also was a two-time ACC champion in the long jump, capturing the 1973 indoor title and the 1974 outdoor crown.

Off the track, Goodman enjoyed academic and social prominence during his career at Maryland. He was the vice president of Omicron Delta Kappa, an honorary fraternity representing outstanding academic leadership achievement, from 1973-75. In 1975, he received the Atlantic Coast Conference award for excellence in scholarship and athletics. Goodman was also an honorary inductee in the Golden Key Honor Society.

After graduating from Maryland in 1975, Goodman stayed at the university and became an assistant coach under Frank Costello from 1976-83. Over that time he had the opportunity to coach All-Americans Bob Calhoun (long jump) and Dennis Ivory (triple jump), as well as USA Track and Field qualifier and school long jump record-holder Tamela Penny.

Under Goodman's tutelage, indoor triple jumper Marchelle Payne was a four-time All-American and is considered to be one of America's all-time best at her event.

In 1983, Goodman took the head-coaching job at nearby Eleanor Roosevelt High School. There he guided the track program to almost immediate success. In 1984, he led the men's team to an indoor state championship. In 1986 he helped lead coach Dan Rincon and the women's cross country team to the state championship.

Coach Goodman and his wife, Helen, reside in Frederick, Md., with their two daughters, Shani and Natalie, as well their dog, Hershey, and cat, Angel. Natalie's godfather is Rincon.

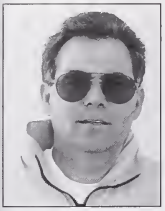
Marchelle Payne	1992	Triple Jump
Marchelle Payne	1993	Triple Jump
Kerrie Bowes	1996	Mile
Kerrie Bowes	1996	1500 meters

Cross Country Coach Dan Rincon

11th season • Maryland '75



Dan Rincon enters his 11th year at the helm of the cross country program. In his first season, the Maryland women's team finished third in the Atlantic Coast Conference Championships, with Rosalind Taylor capturing the individual title and later becoming an NCAA All-American with her 10th place finish. Rincon has also produced seven All-ACC cross country performers during his tenure, most recent of whom is Kerrie Bowes, a two-time ACC indoor mile champion and two-time NCAA track All-American.

Rincon began his career at Maryland as a highly-decorated runner for the Terps in the mid-'70s. He won four letters for cross country and three for track. As a senior in 1975, Rincon was the ACC six mile champion as well as an NCAA All-American in cross country. He held the school record in the two mile run with a time of 8:49.6 as well as the 10K with a time of 30:04.1. Rincon won the 1975 Jim Kehoe Award, presented to the most valuable track athlete in terms of performance, dedication and spirit and was a three-time recipient of the Tom Fields cross country award.

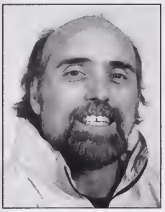
After graduation, Rincon competed for the USA Adidas National Road Racing Team, qualifying for the 1976 Olympic trials to compete for a spot on the Olympic marathon team. He won the prestigious DC Cherry Blossom 10 mile race in 1977. In 1978, Rincon became the Road Runner Club of America national champion in the 20K. Upon his retirement from active competition in 1981, he became the coach and manager of the Adidas Mid-Atlantic Road Racing Team, coaching three women and one man to the Olympic Trials.

He left the Adidas team in 1983 to coach cross country at Eleanor Roosevelt High School in Greenbelt, Md. At Roosevelt, he coached teams to five straight boys' county championship, three straight girls' county championships and one girls' state championships. His boys' teams also finished as state runners-up twice and his girls once during his stint at Roosevelt.

Rincon and his wife, Win, have been happily married for six years and reside in Alexandria, Va., with their two cats, Boomer and Tosca.

Assistant Coaches

Roland Desonier



Roland Desonier is entering his 10th year as an assistant coach at the University of Maryland. His primary responsibility is assisting with the throwing events. Desonier graduated from C.W. Post Long Island University in 1976. Twenty years later, he still holds all records for the hammer, discus and 35lb. weight throws. He was a five-time All-American in both indoor and outdoor track. In addition, Desonier placed second in the nation in the hammer and discus throws. In 1989, Desonier was inducted into the C.W. Post Hall of Fame.

Before joining the Maryland coaching staff, Desonier coached on the high school level for two years in Long Island.

Donald Thomas

Donald Thomas begins his fourth year at Maryland with the responsibility of coaching the hurdle and high jump events. In addition, he serves as the recruiting coordinator for the team.

Thomas came to Maryland from Erie Community College, where he assisted in the planning and organization of the track and cross country teams. As an assistant coach at ECC, Thomas helped guide the teams to great success. The men's indoor and outdoor track and field teams won the 1990-93 NJCAA Region 3 Championships, while the women won the NJCAA Region 3 Championship in 1995. During his tenure at ECC, Thomas oversaw five NJCAA track All-Americans and two NJCAA cross country All-Americans.

Thomas earned his associate degree in Recreation Leadership from Erie Community College.

Coach Desonier working with Dessalyn Jolley on her form in the shot put.

Women's Track & Field Preview

The 1999 edition of the women's track and field team is poised to improve upon last year's ACC finish. The team will include seven school record-holders, including all four of last year's record-breaking 4x100-meter relay team.

Returnees of note include senior sprinters **Stacey Minott** and **Tesheya Hoist**. Minott, the school's 55-meter record-holder, established the new mark of 6.95 last year. She also owns the school's best time of 7.48 in the 60, a record she set in 1997. Hoist will return after setting the school record in the 100 a year ago with a time of 11.73 seconds. Hoist also broke the school record in the 200 in 1997 with a time of 24.17. Hoist and Minott will combine with seniors **Nikki Webster** and **Melody Vaughn**, as well as junior **Candyce DeLoatch**, to provide both talent and veteran leadership in the sprinting events. DeLoatch is coming off a season that saw her break the record in the outdoor 400 with a time of 53.87.

Not surprisingly, the team's depth in the sprinting events translated to strong performances in the relay events. Hoist, Webster, Minott, and returning senior **Onome Pela** currently hold the school record in the 4x100 relay with a time of 45.79. In addition, Webster and DeLoatch were part of 1997's record-breaking 4x400 relay team. Hoist and DeLoatch were also members of the sprint medley relay team that set the school record of 3:55.62 in that same year.

Senior **Dessalyn Jolley** will also be back following last season's record-setting time of 61.15 in the 400 intermediate hurdles. She will be joined by a youthful but capable corps of hurdlers including freshmen **Thema Napier**, a National AAU 400-meter champion (60.40) and **Amber Stanley**, a four-time New York state champion, as well as junior **Tiffany Hester**.

Senior **Aimee Phillippi** will be joined by a host of sophomores in providing the team's strength in the distance events. **Kelly Crowley**, **Keri Seher**, **Rebecca Mack**, and **Lisa DeGrechie** should each make significant contributions in their second year on the team.

Heather Atkinson has been All-ACC each of the last two years.

Senior Dessalyn Jolley was an ECAC qualifier in the heptathalon.

Despite the team's talent in the track events, it is the throwers who coach Bill Goodman believes may be the difference-makers in 1999.

"I thought our throwers had a real solid season last year," Goodman said. "I look for them to continue that type of performance in the upcoming season."

The standout performer in the throwing events has been senior **Heather Atkinson**. Atkinson, a two-time ACC champion, holds the school record of 164-11 in the hammer. She will be joined by junior **Cathy Porter**, an accomplished thrower in her own right, as well as senior **Rachel Verdell** and sophomore **Tené Aiken**. Freshman **Riziki Kura** will also look to make an immediate impact.

Also contributing in the field events will be seniors **Melody Vaughn** (long jump), **Nikki Webster** (sprints) and sophomore **Vanessa Jones** (high jump), as well as All-ACC pole vaulter **Jaime Dorshimer**. Dorshimer will look to build upon what has already been a successful career at Maryland. Last year she broke the school's indoor and outdoor pole vault records with jumps of 10-2 and 10-6, respectively.

Versatile athletes such as freshman **Tracey Ojeniyi** (shot put and heptathalon) and senior **Onome Pela** (hurdles and heptathalon) will make valuable contributions in several events over the course of the season.

This year's team will feature a nice blend of youth and experience. There will be 12 freshmen on the roster to go along with nine seniors. The new recruits should complement the standout upperclassmen and other established contributors.

Women's Roster

Name	Class	Event	Height	Hometown/High School
Tene Aiken	So.	Throws	5-6	Sewell, N.J./Washington Township

Houston, Texas/Oklahoma State, John Foster Dulles
Event: Sprints • Major: Sociology

Transfer from Oklahoma State ... school record holder for the Cowboys in indoor and outdoor long jump ... holds four of OSU's top five marks in the long jump ... will participate in sprints and long jump ... **As a Junior:** Set OSU long jump records with a 19-6 1/2 jump indoors at the Cyclone Classic last February, and a 19-9 1/4 jump at the Big 12 Outdoor Championships in May ... she placed third in the Big 12 in the long jump ... also scored 3,498 points in the Pentathlon at last year's Big 12 Indoor Championships ... helped OSU finish fourth at the league indoor meet in the 4x400 relay ... **As a Sophomore:** helped OSU win the 4x100 relay in a time of 45.03 at the Mt. Sac Relays ... won the 4x200m relay in 1:36.46 at the Penn Relays ... **As a Freshman:** Helped the Cowboys to a league title in the 4x100 relay with a 44.78 time at the Big 8 Championships ... finished sixth in the Big 8 in the long jump with a jump of 18-7 1/4 ... second in the 200m at the Cowboy Duals in a time of 24.55 ... **Before College:** Prepped at John Foster Dulles High in Houston where she was a three-time track MVP ... district champion in high jump as a junior ... district champion in long jump as a senior ... **Personal:** Melody Leigh Vaughn ... born Nov. 27, 1976 ... daughter of Vicki Vaughn.

Career Bests

Long Jump	19-9 3/4	Big 12 Outdoor Championships, 1998
200m	24.55	Cowboy Duals

Women's Profiles

Rachel Verdell

Senior
Minneapolis, Minn./Syracuse, North Community
Event: Throws • Major: Public Relations

Begins second season at Maryland after transferring from Syracuse ... **As a Junior:** Finished 12th at ACC Outdoor Championships in the shot put ... top throws included 39-2 1/2 for a fourth-place finish at the Terrapin Invitational, and a 39-1 for another fourth-place finish at the George Mason Invitational ... was 14th at the ACC Outdoor Championships in the hammer throw ... finished fifth at the George Mason Invitational in the hammer with a career best 136-0 ... **As a Sophomore:** Competed at Syracuse including a career best shot put of 40-10 ... finished second in the shot put at the Millersville Invitational with a throw of 39-8 1/4 ... **As a Freshman:** Had best throw of season at Florida State Relays with a toss of 39-3 ... finished ninth at Duke Invitational with throw of 38-11 ... **Before College:** Attended North Community High in Minneapolis ... participated four years in basketball, volleyball and track ... was three-year captain in track and twice named team MVP, all-city and all-state ... team won city and regional titles, and finished sixth and fourth in state championships her last two seasons ... best shot put was 41-10 ... academic honor roll ... **Personal:** Rachel Star Verdell ... born Dec. 19, 1976 ... daughter of Beulah Verdell...Dean's List at Maryland.

Career Bests

Shot Put	40-10	1996 (at Syracuse)
Hammer	136-0	George Mason Invitational, 1998

Distance runners Rebecca Mack, Aimee Phillipi, Kelly Crowley

Nikki Webster

Senior
Richmond, Va./Henrico
Event: Sprints • Major: Economics

Maryland record-holder in the 4x100 and 4x400 relays ... NCAA qualifier as a junior in the 4x400 relay ... two-time All-East recipient ... ECAC qualifier last two years in 200m, 400m, long jump, triple jump and both relays ... ECAC and Penn Relays champion in 4x100 relay ... **As a Junior:** Set career bests in the long jump, triple jump, 200m and 400m ... long jump of 19-1 1/2 at the Alabama Relays ... triple jump of 40-6 1/4 at the ACC Outdoor Championships to finish sixth ... finished fifth in the triple jump at the ECAC league meet ... recorded times of 24.31 and 46.89, respectively, in the 200m and 400m at the ECAC Outdoor Championships ... helped Terps to a first place finish at the Penn Relays and ECAC Championships in the 4x100 relay ... helped Maryland finish third in the distance medley relay at the ACC Indoor Championships ... at the same indoor championships, finished fifth in the 400m and fifth in the 4x400 relay ... **As a Sophomore:** Set a personal record in the 100m with a 12.00 at the Maryland Invitational ... helped Maryland's 4x400 relay to a second place finish at the ACC Outdoor Championships, and a third-place finish at the ECAC Championships ... was fifth and fourth, respectively, in the 4x100 relay at the ACC and ECAC outdoor meets ... 4x400 relay team finished third at ACC and ECAC indoor meets earlier in the year ... finished eighth in the long jump at ACC Outdoor Championships with a jump of 18-5 ... was seventh in the ACC Indoor Championships with a leap of 40-0 1/2 in the triple jump ... **As a Freshman:** Finished seventh in the ACC Indoor Championships in the long jump, and sixth in the outdoor championships ... jumped 18-7 in the outdoor meet ... helped Maryland's 4x100 relay team to a fifth place finish at ACC Outdoors ... 4x400 relay finished sixth indoors, and fourth outdoors ... **Before Maryland:** Attended Henrico High in Richmond, Va. ... school record holder in the triple jump and 4x400 relay team ... team captain as a senior, and two-time MVP ... jumped 18-3 in the long jump and 38-11 in the triple jump ... ran 25.3 in the 200m and 56.4 in the 400m ... member of Key Club and National Honor Society ... **Personal:** Nikicha D. Webster ... born Dec. 21, 1976 ... daughter of Lynda and Jarvis Webster ... a member of Maryland's Black Student Union and involved in on-campus Big Brother, Big Sister program ...

Career Bests

Long Jump	19-1 1/2	Alabama Relays, 1998
Triple Jump	40-6 1/4	ACC Outdoor Championships, 1998
100m	12.00	Maryland Invitational, 1997
200m	24.31	ECAC Outdoor Championships, 1998
400m	54.72	ECAC Outdoor Championships, 1998

1998 Women's Season Review

The 1998 women's track team overcame several obstacles to have a successful season a year ago. Despite losing standout sophomore **Candyce DeLoatch** to injury, and other key contributors, the team managed to make significant progress. The indoor team finished sixth at the ACC Championships and the outdoor team took eighth. In addition, several of its members etched their respective names into Maryland women's track history. Last year's team included seven members who currently hold Maryland school records.

"We made some progress in several areas last year," head coach Bill Goodman said. "I was very happy with our throwers. They had a solid year. We got hit by some crazy things last year that were beyond our control. That messed us up as far as being able to be where we wanted to be."

Even so, the team had a long list of accomplishments for 1998. In addition to the individual records that were broken, the 4x100 relay team won the Penn Relays championship, an accomplishment that brings recognition to the Maryland program.

"We did some good things, but there were a few critical areas where we weren't quite satisfied," Goodman said.

Throws

Junior **Heather Atkinson** was the premier thrower on the Terps' roster last year. Her versatility in the throwing events proved to be a valuable asset to the team throughout the season. One of her most impressive displays of versatility occurred at the Maryland Invitational where she took first place in the shot put (39-6) and the hammer (152-3 1/2), and second place in the javelin (109-4 1/4). At the Father Diamond Invitational in Fairfax, Va., Atkinson won the shot put and the 20-pound weight throw. At the Terrapin Invitational, she won the shot put (43-5 1/4) and the hammer (164-11). Her winning hammer throw qualified her for the Eastern Colleges of America Conference (ECAC) Championships and broke Atkinson's own school record throw of 162-8. At the ECAC Championships, she had a career best throw of 55-9 1/4 in the 20-pound weight. The mark also set a school record. Atkinson was also named to the All-ACC team following her performance at the indoor ACC Championships.

Sophomore **Cathy Porter** and freshman **Tené Aiken** provided depth in the throwing events. Porter took first place in the discus at the Maryland Invitational with a throw of 124-5 1/2. In addition, she had a personal best throw of 53-0 in the 20-pound weight at the Delaware Invitational.

Jumps

Jaime Dorshimer had an excellent season a year ago that culminated with being named to the All-ACC team following the ACC Championships. Her jump of 8-6 1/4 in the pole vault at the Delaware Invitational was good for first place. At the Terrapin Invitational, Dorshimer's jump of 9-6 1/4 was enough for the win.

Junior **Nikki Webster** was a force in the triple jump for Maryland, as her winning jump at the Terrapin Invitational was enough to qualify for ECAC competition. At the Virginia Tech Invitational in Blacksburg, Va., Webster qualified for the ECAC's in the long jump as well.

At the ECAC competition, senior **Raina Domneys** earned All-East honors in the triple jump. Domneys added to what was already a strong team of jumpers.

Sprints

Juniors **Stacey Minott** and **Tesheya Hoist** were two of the team's strongest sprinters. Minott took first place in the 55-meters at the Navy Invitational with a time of 6.8 seconds. Minott and Hoist both qualified for ECAC competition in the 55m at the meet, as Hoist ran it in 6.9. Hoist received All-East honors following the ECAC's.

DeLoatch excelled in the longer sprinting events. She was victorious in both the 200 and 400-meter competitions at the Delaware Invitational before anchoring the 4x400 relay team that also won. She also broke an almost 20-year-old school record in the 400 at the George Mason Spring Invitational with a time of 53.97.

The 4x100 relay team of Hoist, **Onome Pela**, Nikki Webster, and Stacey Minott won the prestigious Penn Relays championship with a time of 46.76.

Hurdles

Junior **Dessalyn Jolley** broke her own record in the 400-meter intermediate hurdles last year with a time of 61.15. The previous mark, set by Jolley in 1997, was 61.63. She also won that event at the Terrapin Invitational with a time of 63.65.

Junior **Yolanda Brown** also performed well in the hurdles a year ago. She won the 55-meter hurdles at the Navy Invitational with a time of 8.42.

Distance

Junior **Aimee Phillippi** was one of the team's strongest distance runners over the course of the 1998 season. She ran the 5,000-meters in 18:15.8 to take first place at the Maryland Invitational.

Freshmen **Keri Seher** and **Kelly Crowley** also were strong contributors to the team in the distance events. Crowley won the 1500m at the Maryland Invitational with a time of 4:50.61. Seher took first in the 3000m at the Navy Invitational with a time of 11:02.8.

1997-98 Indoor Meets

Dec. 5	at Navy Invitational	Annapolis, Md.
Dec. 6	at West Virginia Holiday Classic	Morgantown, W. Va.
Dec. 6	at Bucknell Invitational	Lewisburg, Pa.

Men's Track and Field Preview

The men's track and field team is looking forward to the upcoming season with great anticipation. The team lost only four seniors to graduation and will return two athletes that hold all-time top 10 Maryland times.

Much of the team's talent is concentrated in the hurdling events. Senior **Asa Heath** holds the fifth (14.04 seconds) all-time best Maryland time in the 110-meter high hurdles. Junior **Jason Joubert** holds the seventh (52.91) all-time best Maryland time in the 400 hurdles. Heath and Joubert will be joined by top recruit **Dontae Bugg**. A freshman, Bugg was considered one of the top high school hurdlers in the country a year ago and is expected to make an immediate impact.

Seniors **Justin James** and **Trevor Graves** are expected to be major contributors in the sprinting events. James is an experienced runner who has competed at the ACC Championships three consecutive years. He is also a member of both the 4x100 and 4x400 relay teams. Graves is also an experienced sprinter who, along with James and talented junior **John Carr**, will provide valuable leadership on a relatively young team. Freshman **Eric Porges** and junior **Ali Motamedamin** will provide depth in the sprinting events.

Juniors **Richard Mahy** and Joubert excel in the intermediate distance events. Mahy specializes in the 400, while Joubert can run both the 400 and 400 hurdles. Joubert has competed at the ACC Championships each of his two seasons at Maryland and has also qualified for Intercollegiate Association of Amateur Athletes of America (IC4A) competition in the 400 hurdles, the 4x100 relay, and the 4x400 relay.

Senior **Matt Green** and junior **Faisal Hasan** should be the top performers in the distance events. Both Green and Hasan turned in solid performances during the cross country season and they will look to continue that type of running throughout the track season. There is plenty of depth in the distance events, and most of it comes from a group of young athletes that consists of four freshmen and two sophomores.

Like the women's team, the men also boast a strong group of returning throwers headlined by junior **Jamie Wu**. Wu, who is also a starting offensive guard on the Terps' football team, specializes in the shotput. His throw of 51-1 3/4 at the Brooks Invitational a year ago was enough to qualify for the IC4A's. Wu will look to improve upon last year's impressive fifth-place finish at the indoor ACC Championships. The depth in the throwing events is provided by a group of exceptionally talented and youthful athletes. Freshmen **Andrew Long** and **James Gondak** along with sophomore **Jamie Lafleur-Vetter** will be asked to step in and contribute right away.

Matt Green is one of the top performers in the distance events.

The team will look to senior **Jeff Williams** and junior **Rodney McIlwain** to provide the strength in the jumping events. Williams performed well last year in both the long jump and triple jump. He took second place overall at the Terrapin Invitational in the latter with a jump of 44-3. He also took third place overall in both the long jump and triple jump at the Maryland Invitational.

Versatile sophomore **Todd Sheridan** could see action in several events, most likely the decathlon. **Matt Sasser** will head up the pole vault for the men

The 1999 version of the men's team is somewhat young and inexperienced. There are only five seniors on the roster this year, as opposed to 10 freshmen. There is, however, enough talent on the team to significantly improve upon last year. Many of the team's younger members have seen substantial action already at Maryland and performed well when given the opportunity. In addition, newcomers such as standout Dontae Bugg give hope for a run at the ACC.

Asa Heath holds the fifth all-time best Maryland time in the 110-meter high hurdles.

Men's Roster

Name	Class	Event	Height	Weight	Hometown/High School

Career Bests

Shot Put	53-7 1/2	Father Diamond Invitational, 1998
Discus	159-8	ACC Outdoor Championships, 1996

1998 Men's Season Review

The 1998 men's track and field team enjoyed a solid season a year ago. One of the team's major strengths proved to be the throwing of junior **Jamie Wu,** who was one of the most consistent performers on the roster. In addition, junior **Asa Heath** bolstered the team's track events, as he proved why he is one of the ACC's premier hurdlers. Seniors **Ed Hogan** and **Greg Hunger** were the strength of the team's distance runners. Sophomore **John Carr** and junior **Trevor Graves** were valuable assets to the team in the sprinting events. A pair of local freshmen, **Michael Hughes** and **Jason Sexton**, provided the most consistency in the jumping events.

The indoor season culminated at the ACC Championships, where the Terps took home seventh place. Despite several strong individual performances, the team finished ninth at the outdoor ACC Championships.

Throws

Wu was the team's lone force in the throwing events. Wu, who is also a starting offensive guard on the Terps' football team, turned in strong performances in the shot put at each of the meets in which he competed. At the Terrapin Invitational, Wu finished first with a throw of 49-10 1/2. At the Delaware Invitational in Newark, Del., Wu took first place in the shot put with a throw of 53-3 1/2. His throw of 53-7 1/2 at the Father Diamond Invitational in Fairfax, Va., was enough to qualify for Intercollegiate Association of Amateur Athletes of America (IC4A) competition. At the IC4A meet in Ithaca, N.Y., Wu's throw of 52-2 1/2 was good enough to garner All-East honors.

Jumps

Hughes was very impressive in the high jump a year ago as he took first place at two competitions. At the Maryland Invitational, Hughes' jump of 6-6 3/4 was good for the win. He also set his career best jump and qualified for IC4A competition in taking first place at the Delaware Invitational in Newark with a jump of 7-0 1/4.

Jason Sexton turned in strong performances at the Terrapin Invitational as he took second place in both the long jump and the triple jump.

Sprints

Graves and Carr provided most of the team's talent in the sprinting events. One of the strongest performances turned in by the men's sprinters occurred at the Maryland Invitational. In the 100-meter dash, Graves finished first with a time of 10.85 seconds, and Carr took second in 11.06. The combo also fared well at the prestigious Penn Relays as they combined with junior **Justin James** and Jason Sexton to lead the 4x200-meter relay team to the finals.

Hurdles

Asa Heath was the team's strongest hurdler during the 1998 season. At the Delaware Invitational he took first place in the 55-meter hurdles with a time of 7.57 seconds. At the Maryland Invitational, Heath placed first in the 110-meter hurdles in 14.26 seconds. He set a personal best in the 60-meter high hurdles at the Virginia Tech Invitational with a time of 8.02 seconds, which also qualified him for IC4A competition. He also qualified for IC4A competition by winning the 110-meter hurdles at the Terrapin Invitational with a time of 14.31. At the IC4A's, Heath qualified for All-East honors with a time of 7.45 in the 55-meter hurdles.

Sophomores Richard Mahy and Jason Joubert provided depth in the hurdles, as they specialized in the 400-meter variety. Mahy won that event at the Maryland Invitational with a time of 55.39.

Distance

Hogan was a consistent contributor in the distance events throughout the 1998 campaign. His time of 15:12.99 in the 5,000-meters was good enough for first at the Maryland Invitational. In addition, Hogan turned in perhaps his best performance of the season at the ACC Championships where he placed fourth in the 10,000-meters in 31:02.25.

Hunger also fared well for the Terps as he qualified for IC4A competition at the Father Diamond Invitational by running the mile in 4:15.65. The fourth-place finish was impressive enough for the ACC to name him its performer of the week following the meet.

1997-98 Indoor Meets

Dec. 5	at Navy Invitational	Annapolis, Md.
Dec. 6	at West Virginia Holiday Classic	Morgantown, W. Va.

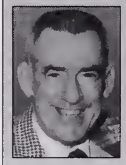
Note: ACC indoor meet not held from 1982-86. Southern Conference indoor meet not held from 1944-48. NCAA indoor meet began in 1965.

Jim Kehoe Inducted into U.S. Track Coaches Hall of Fame

Former Maryland Coach is One of Five Inductees by U.S. Track Coaches Association



Former Maryland athletic director, track coach and sprinter James "Jim" Kehoe was inducted into the United States Track Coaches Hall of Fame during ceremonies Dec. 5, 1998 at the annual USTCA convention in Orlando, Fla.

Kehoe is one of five former coaches to be inducted in 1998. Others include Bill Dellinger (Oregon), Joe Newton (York High School), Tom Tellez (Houston) and Stan Wright (Texas Southern).

Kehoe completed over 39 years at Maryland, announcing his retirement in 1978 after serving as the Terrapins' athletic director since September 1969. During his tenure as the Terps' top administrator, he spearheaded a nine-year run that produced 40 Atlantic Coast Conference team championships, as compared to just 24 by runner-up North Carolina. He took over an athletic program that operated a $1.5 million budget with 12 varsity sports, and retired while leaving behind a program operating on a $3 million budget with 23 varsity teams. Revenue-producing sports were particularly successful, with football, men's and women's basketball, and lacrosse teams annually representing Maryland in NCAA championship competition and numerous football bowl games.

Kehoe's legacy, however, was built largely upon his background first as an athlete, and later a Terrapin coach. After 18 months of military service in the South Pacific where he earned five service medals and a bronze star, he returned to his alma mater where he would guide the Terrapin track program to 48 Southern Conference and ACC conference titles. His teams captured all but one of the ACC indoor and outdoor championships during his 16 years in the league. He also produced eight cross country titles.

He graduated from Bel Air High School in Maryland and attended the University of Maryland where he was undefeated in dual meet competition as an athlete. A star half-miler in high school, he set Terrapin school records in the two-mile and the half-mile. His half-mile mark of 1:50.7 remained unbroken for 23 years. Kehoe graduated from the university in 1940, and in 1942, following a brief stint as a high school teacher and coach, began military service in World War II.

Some Place Special

Annapolis ... Baltimore ... Washington, D.C.

City lights, history, sparkling waterfronts, monumental landscapes. Jazz, film festivals, marches and demonstrations. Shopping, professional sports, regattas on the Chesapeake Bay. Not just one city, but three. Not just any city, but the nation's capital, a major port city, and the state capital of Maryland. It's all here beyond the campus.

The nation's capital and its major attractions are within 10 miles of College Park. And the highly efficient Metro rail system, with a new station at the campus doorstep, makes navigating the greater Washington, D.C., area easy. Campus shuttles serve the College Park Metro station, allowing easy access to one of the country's model transportation systems.

Baltimore is just 35 miles north of the University of Maryland. Its rejuvenation as an urban center is unprecedented. The Inner Harbor, its national aquarium and tall ships, and the nearby Oriole Park at Camden Yards create an exciting, vibrant, holiday atmosphere in a city that boasts one of the world's great sea ports. The heart of Maryland, the Chesapeake Bay, is 20 miles from campus, and the state capital, Annapolis, is 30 miles away.

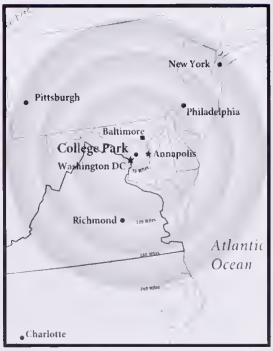
Oriole Park at Camden Yards

The Baltimore Aquarium

The Lincoln Memorial, the Washington Monument and the United States Capitol

Campus neighbors include such important national resources as the Library of Congress, the Smithsonian Institutions, the National Institutes of Health, the National Aeronautics and Space Administration, and the U.S. Department of Agriculture's Agricultural Research Center.

Washington and Baltimore can be reached easily from anywhere in the world. USAir, which is headquartered in the metropolitan area, uses Baltimore/Washington International Airport as its hub. Dulles International Airport is a hub for United Airlines. College Park is 10 minutes from the Amtrak Northeast Corridor Line and frequent train service along the East Coast.



James Kehoe Track & Field Facility

1999 Indoor Schedule

Day	Date	Meet	Location	M&W
Fri.	Dec. 4	Navy Invitational	Annapolis, Md.	M&W
